

USAG OPEN MEMBERSHIP MEETING JUNE 12, 2011

Meeting called to order at 2:40pm

1. State Clinic Feedback

This was a bad weekend. Should we move it to an alternate year schedule.

Have a banquet and meeting next year.

Move to mid-July.

What can we offer to get clubs to come to a state clinic?

We bring in good clinicians every year.

Regional congress is local this year.

Ideas from the membership -

Have more rec. Seems like a lot of it is for the upper levels.

Judges would rather have it in the fall.

2nd week of July would be after National congress and get the most current info.

The current board will evaluate the choices, send your feedback and ideas to your area representative.

2. Handbook Changes

Format for Level 4 state - gold - gold - bronze - bronze - silver - silver

Sectional team chosen from Level 4 state might be affected.

Feedback was to leave the gold as the last two sessions on Sunday.

Decision: No change from last year

State qualifier meet - 31.00 in one meet.

To state from qualifier - 32.00 AA in the fall, 33.00 AA in the spring

Two state qualifiers will be used to qualify kids to state.

Much discussion ensued on this. A few clubs want every meet to be a qualifying meet.

Board will look into putting a vote on the web on 1. Using the new system that we just came up with or 2. Making every meet a qualifying meet if they meet specific criteria set by the state board.

This issue will be tabled until the board can discuss it again and make their final decision.

When paying mileage to judges, the judges must turn in a MapQuest receipt showing their accurate mileage.

USAG University has some great educational opportunities coming out. They should be on the web this summer.

Meeting adjourned at 4:10pm
